

# Transport & Hazard diamonds

We carry a large range of warning diamonds in stock that is available for next day delivery, either on roll or individual sheet label format.

All **roll diamonds** are manufactured using base materials certified to BS 5609 (polyprop and overlaminate) for harsh environmental conditions.

Individual **sheeted labels** are available in 250mm and 300mm sizes, provided on gloss vinyl with a crack back for ease of application.

**ADR panels** are manufactured using an orange reflective base material and are available in different sizes printed up to 3 colours.

**Call now for a quote or visit our online shop  
for best prices!**
